

Khaled Ahmed Abd Elrehim

Data Science Student • AI & Machine Learning

khaled.ahmed@student.alexu.edu.eg | Alexandria, Egypt | [linkedin.com/in/khaled-ahmed](https://www.linkedin.com/in/khaled-ahmed) | github.com/khaled-ahmed

OBJECTIVE

Motivated second-year Data Science student at Alexandria University seeking a summer internship to apply machine learning, data analysis, and software development skills in a real-world setting. Eager to contribute to impactful projects and grow within a professional environment.

EDUCATION

B.Sc. in Data Science — Alexandria University

2024 – Present

Faculty of Computer & Data Science

- Relevant coursework: Machine Learning, Statistics, Database Systems, Data Structures, Linear Algebra
- GPA: 3.2/ 4.0

TECHNICAL SKILLS

Languages: Python | Java | C++ | C# | SQL

ML / AI: Scikit-learn | Pandas | NumPy | Matplotlib | Seaborn

Databases: PostgreSQL | MySQL | SQLite

Tools: Jupyter Notebook | Git & GitHub | Google Colab | VS Code

Soft Skills: Problem Solving | Teamwork | Analytical Thinking | Communication

PROJECTS

FIFA Players Performance Analysis & Scouting System

2025

Team Academic Project • Python, Scikit-learn, Pandas, NumPy

- Built end-to-end ML pipeline to predict player market value (regression) and classify performance tier: Low / Mid / High / Elite (classification)
- Implemented 6+ models: Polynomial Regression with Lasso/Ridge, Logistic Regression, Naive Bayes, KNN, Random Forest, Gradient Boosting
- Applied Voting and Stacking ensembles achieving best-in-class classification accuracy
- Developed Unified Scouting Pipeline outputting both market value prediction and performance tier for any new player
- Handled full pipeline: EDA, IQR outlier removal, StandardScaler, OneHotEncoding, GridSearchCV tuning, cross-validation

LANGUAGES

Arabic: Native

English: Professional Working Proficiency

EXTRACURRICULAR ACTIVITIES

- [Member / Volunteer at — e.g. IEEE Alexandria Branch, GDSC, or any student committee]
- [Hackathon, competition, or university event you participated in]
